The RM Williams Made To Order Process: A Step-by-Step

Journey

Embarking on the MTO journey is an exciting experience. While the exact details might vary slightly depending on your location and the retailer, the general process follows a well-defined path designed to ensure your perfect pair:

Step 1: The Consultation and Measurement

This is where the magic begins. You'll typically book an appointment at an RM Williams store or an authorised retailer offering the MTO service. A trained consultant will guide you through the process. This isn't just about a quick shoe size; they will take detailed measurements of your feet, considering width, arch length, instep, and any unique characteristics your feet might have. This meticulous attention to detail is crucial for achieving that perfect, custom fit.

During this consultation, you'll also get to feel and see the various materials and finishes available. This is your opportunity to discuss your lifestyle, how you intend to wear your boots, and what you envision for their aesthetic. Don't be afraid to ask questions – the consultants are there to help you navigate the choices.

Step 2: Design Selection

This is where your personal style truly comes into play. You'll have access to a wider range of options than typically found in ready-to-wear collections:

Leather and Suede Choices:

RM Williams is renowned for its premium leathers. For MTO, you can often select from an expanded range including:

1. **Classic Kangaroo:** Known for its strength, durability, and unique grain.
2. **Calfskin:** Offering a smooth, supple finish and elegant appearance.
3. **Ostrich:** A luxurious choice with a distinctive quill pattern.
4. **Suede:** Providing a softer, more casual texture.
5. **Exotic Leathers:** Depending on availability, you might find options like lizard or even alligator for an extra touch of extravagance.

Within each leather type, you'll be presented with a spectrum of colours. From timeless shades like Black, Chestnut, and Tan, to richer hues and more contemporary options, the colour palette is extensive.

Sole Options:

The sole is a critical component of a boot's functionality and appearance. MTO allows for choices such as:

1. **Classic Red or Black Rubber Sole:** Durable and providing excellent grip, a staple of RM Williams.
2. **Leather Sole:** Offering a more traditional and refined aesthetic, often preferred for dressier occasions.
3. **Combination Sole:** A blend of leather and rubber for a balance of style and durability.

Hardware and Stitching:

Even the finer details can be customised. You might have options for:

1. **Heel Heights:** Subtle variations to suit your preference and gait.
2. **Stitching Colours:** Contrast stitching can add a unique visual element.
3. **Personal Monogramming:** The opportunity to have your initials elegantly embossed on the heel or tongue.

Step 3: The Crafting Process

Once your design is finalised and your measurements are taken, the order is sent to the RM Williams workshop. Here, skilled artisans begin the intricate process of handcrafting your boots. This involves:

1. **Pattern Cutting:** Using your unique measurements to create precise patterns for each component of the boot.
2. **Leather Selection and Preparation:** Choosing the finest hides and preparing them for the construction.
3. **Hand Stitching:** Expert craftsmen meticulously stitch the upper to the sole, a hallmark of true Goodyear welted construction.
4. **Finishing:** The boots are carefully finished, polished, and inspected to ensure they meet the brand's exacting standards.

The entire process is a labour of love, a testament to traditional shoemaking techniques passed down through generations.

Step 4: Delivery and Collection

The lead time for MTO boots can vary, typically ranging from several weeks to a few months, depending on the complexity of the design and current workshop demand. When your boots are ready, you'll be notified to collect them. This is often another special occasion, where you can see and feel the culmination of the bespoke process.

Upon collection, it's a good idea to try them on again to ensure the fit is as perfect as anticipated. Any minor adjustments, if needed, can sometimes be made by skilled cobblers.

Who is RM Williams Made To Order For?

The MTO service is not just for the elite; it's for anyone who:

5. **Is Making a Significant Investment:** MTO boots are an investment. They are for individuals who understand the long-term value of quality and are willing to pay for it.

RM Williams MTO vs. Ready To Wear: What's the Difference?

While both MTO and Ready To Wear (RTW) boots bear the RM Williams name and share the brand's commitment to quality, the key differences lie in:

1. **Fit:** MTO offers a truly bespoke fit based on precise measurements. RTW is sized according to standard shoe widths and lengths.
2. **Customisation:** MTO allows for extensive customisation of materials, colours, soles, and finishes. RTW offers a curated selection of pre-designed styles.
3. **Price:** MTO boots are typically more expensive than RTW options due to the personalised nature of the service, the increased material choices, and the bespoke craftsmanship involved.
4. **Lead Time:** MTO requires a longer waiting period as the boots are made to order. RTW boots are available immediately.

3. **Polishing:** For leather boots, regular polishing will restore shine and protect the finish.
4. **Protection:** Use a water and stain repellent spray suitable for the type of leather.
5. **Storage:** Store your boots in a cool, dry place, ideally in dust bags, and use shoe trees to maintain their shape.

Finally, and perhaps most importantly, is the inherent value and narrative. Owning a 'Made to Order' R.M. Williams apart.

The Signature Goodyear Welting: A Mark of Durability

A hallmark of R.M. Williams boots, particularly those crafted through the 'Made to Order' process, is the Goodyear welting construction. This intricate method involves stitching the upper, the welt, and the sole together in a way that creates a durable and waterproof seal. The beauty of Goodyear welting lies not only in its inherent strength but also in its repairability. This means that your 'Made to Order' boots can be resoled and refurbished by R.M. Williams craftsmen for years to come, extending their lifespan and preserving their character.

Leather Selection: The Foundation of Quality

The choice of leather is paramount in bootmaking, and R.M. Williams offers a curated selection for its 'Made to Order' clients. While the classic Kip leather is renowned for its resilience and ability to mould to the foot, the bespoke service may offer access to other premium hides. Think of buttery soft calfskin for a more refined look, robust kangaroo leather for exceptional strength and durability, or perhaps even exotic leathers for a truly statement piece. Each leather type possesses unique characteristics that influence the boot's feel, appearance, and longevity.

The process typically begins with an in-depth consultation at a dedicated R.M. Williams boutique or a partner retailer. Here, you'll be guided by knowledgeable staff who will assess your foot shape, take precise measurements, and discuss your preferences. This is the crucial stage where your unique needs are understood, ensuring that the final product will be a perfect reflection of your foot's contours.

This isn't just about measuring length and width. The consultation may involve examining the arch of your foot, the volume of your instep, and any specific requirements you might have. This meticulous attention to detail is what sets bespoke footwear apart and guarantees a level of comfort and support that off-the-shelf options can rarely achieve. It's a personalised fitting experience that honours the individual.

Leather and Style Selection: Crafting Your Vision

Once the fit is established, the creative process truly begins. You'll have the opportunity to explore the available leather options, considering their texture, colour, and intended use. Whether you envision a classic, understated boot or something more adventurous, the range of choices allows for a degree of personalization. This might include selecting the type of leather (e.g., yearling, kangaroo, calf), the colour, and even subtle details like stitching colour or the type of sole.

While R.M. Williams is renowned for its iconic styles like the Chelsea boot, the 'Made to Order' service may offer slight variations or the ability to incorporate personal preferences that align with the brand's aesthetic.
