The "Beano" Album: A Blueprint for Blues-Rock

"Bluesbreakers" was recorded over just two sessions in March and April 1966 at Decca Studios in West Hampstead, London. The album's raw, live feel is one of its greatest strengths. There's an urgency to the performances, a sense of spontaneous combustion that perfectly captures the essence of live blues. The tracklist comprises a mix of blues standards and Mayall originals, all imbued with a newfound energy and a distinctly British sensibility.

From the opening riff of "All Your Love," it's clear that something special is happening. Clapton's guitar work is simply astonishing.
