His message wasn't about external deities or distant gods; it was about recognizing the divine spark, the indwelling Christ, the boundless power that resides within \*you\*. This inner divinity, he taught, is the Magic Presence.

## Who Was Godfrey Ray King? A Glimpse into His Life and Legacy

To truly appreciate the teachings of Godfrey Ray King, it's helpful to understand the man behind the message. Born in Indiana, Joseph Bernard experienced profound spiritual awakenings early in his life. He felt an undeniable connection to a higher power and dedicated himself to understanding and sharing this connection. Under the spiritual guidance of teachers he recognized as Ascended Masters, he began to channel and

articulate powerful truths about the nature of reality and the human potential.

It was through this channeling that the identity of "Godfrey Ray King" emerged. This persona became the conduit for a series of profound lectures and writings that would later be compiled into influential books such as "Unveiling the Magic Presence" and "The 'I AM' Discourses." These works weren't just intellectual exercises; they were practical guides, designed to empower individuals to experience their own divine nature firsthand. The "I AM" Activity, founded in 1930s America, became the organizational structure through which these teachings were disseminated, reaching thousands and influencing countless lives.

## **The Core Concept: What is "The Magic Presence"?**

The heart of Godfrey Ray King's message lies in the concept of "The Magic Presence." What exactly is this? It's not some ethereal entity outside of us; it is the divine essence, the Christ Self, the God within that is eternally perfect and all-powerful. King emphasized that this Presence is not something to be sought in the future or in some faraway realm. It is here, now, within the very core of your being. It is the source of all wisdom, love, power, and abundance.

Think of it like this: imagine a magnificent diamond, perfectly cut and brilliant, hidden within a rough, unpolished stone. The diamond is already there, complete and radiant. All that is needed is to remove the outer layers of the rough stone to reveal its inherent beauty. Similarly, Godfrey Ray King taught that our divine "Magic Presence" is already within us, obscured by layers of doubt, fear, limiting beliefs, and unharmonious thoughts and feelings. The work of spiritual growth is the process of unveiling this inner brilliance.

## **The "I AM" Affirmations: Harnessing Your Divine Identity**

One of the most practical and potent tools King introduced for connecting with the Magic Presence are "I AM" affirmations. These aren't just positive thinking; they are powerful declarations of your divine identity. When you say "I AM," you are not merely stating a fact; you are invoking the supreme creative power of God within you. For example, "I AM" love, "I AM" peace, "I AM" abundance, "I AM" divine wisdom. These affirmations are designed to reprogram your consciousness, aligning your lower self with the perfect truth of your higher Self, your Magic Presence.

King stressed the importance of feeling the truth of these affirmations. It's not just about reciting words; it's about internalizing them, about allowing the vibration of these divine truths to permeate your being. By consistently and consciously using "I AM" statements, individuals can begin to experience the tangible effects of their inner divinity in their daily lives. This is where the "magic" truly begins to unfold, as you start to consciously co-create your reality from a place of divine power.

## The Science of the "I AM" Presence: More Than Just Metaphor

While the language used by Godfrey Ray King might seem mystical, there's a profound underlying principle that resonates with modern understanding. The concept of the "I AM" Presence can be seen as the ultimate expression of quantum consciousness. Quantum physics suggests that consciousness plays a fundamental role in shaping reality. By affirming your "I AM" identity, you are aligning your consciousness with the universal creative intelligence, essentially broadcasting a signal that draws corresponding experiences into your life.

King's teachings also touch upon the power of visualization and focused intention. The Magic Presence, he explained, responds to clear and unwavering intent. When you visualize yourself already embodying the qualities you wish to express – be it perfect health, financial freedom, or harmonious relationships – and you couple this with the "I AM" affirmation, you are effectively creating a powerful vortex of energy that can manifest these desires. This isn't about wishful thinking; it's about directed spiritual energy.

### **The Core Concept: What is "The Magic Presence"?**

**At the heart of Godfrey Ray King's teachings lies the concept of "The Magic Presence." This is not an external deity to be appeased or petitioned, but rather the divine essence that exists within every human being. King posited that this Presence is the source of all power, intelligence, and perfection, and that by consciously connecting with it, individuals can tap into an unlimited reservoir of creative energy. ### **Key Principles of The Magic Presence Teaching**

**Godfrey Ray King's teachings are characterized by several core principles that, when understood and applied, are intended to unlock the latent power of The Magic Presence:**

#### **The "I AM" Affirmation: A Gateway to Divinity**

**Perhaps the most central and potent tool in King's arsenal is the "I AM" affirmation. He taught that the simple act of consciously stating "I AM" is to acknowledge and call forth the divine power within. The "I AM" is the fundamental declaration of existence, a direct link to the Godhead. By following "I AM" with positive affirmations of desired states - such as "I AM Health," "I AM Prosperity," "I AM Peace," "I AM Love" - individuals are essentially commanding their inner Presence to manifest these realities in their outer experience. This isn't mere positive thinking; it's a recognition of what already exists within and an invitation for it to express itself outwardly. This technique is a cornerstone for many who study Law of**

**Attraction principles, though King's approach predates the popularization of that term.**

## **The Power of Conscious Awareness**

**King stressed the importance of conscious awareness in the spiritual journey. It's not enough to merely intellectually understand the concept of The Magic Presence; one must actively bring it into their conscious awareness throughout the day. This involves a constant, gentle turning of attention inward, to the silent knowing that resides within. By cultivating this awareness, individuals can begin to discern the guidance of their inner Presence and distinguish it from the fleeting thoughts and desires of the ego-mind. This practice of mindfulness, though not termed as such by King, is a crucial element in his teachings.**

## **Overcoming the Veil of Materialism and Limitation**

**A significant obstacle to experiencing The Magic Presence, according to King, is the human tendency to identify solely with the physical body and the material world. We become so immersed in our external circumstances, our perceived limitations, and the worries of daily life that we forget our true nature as divine beings. King's teachings encourage a shift in perspective, urging individuals to see beyond the superficial and recognize the underlying spiritual reality. This involves questioning limiting beliefs about**

**scarcity, illness, and misfortune, and understanding that these are often projections of the mind rather than immutable truths.**

## **Faith and Trust as Catalysts for Manifestation**

**Faith and trust are paramount in King's philosophy. He taught that once an affirmation or a desire is released with conviction, one must then surrender the outcome to The Magic Presence. This means not trying to control the "how" or the "when" of manifestation, but trusting that the divine intelligence within will orchestrate events perfectly. This surrender is not a passive resignation, but an active release of attachment and a steadfast belief in the benevolent power of the universe. This echoes sentiments found in other spiritual traditions emphasizing surrender and divine timing.**

## **The Universal Nature of The Magic Presence**

**King was clear that The Magic Presence is not exclusive to any particular individual or group. It is an innate quality of all life. This understanding fosters a sense of universal brotherhood and interconnectedness, as each person, in their core being, is a spark of the same divine fire. This aligns with concepts of mind-body connection and the power of intention in healing.**

### **Abundance and Prosperity**
