You'll find entries for terms that are shaping contemporary discourse, making it an invaluable tool for understanding and using English in the 21st century. This focus on **contemporary vocabulary** is crucial for anyone aiming for fluency and relevance.

Clear and Concise Definitions

A common pitfall of many dictionaries is the use of overly complex language in their definitions. The **Longman Dictionary of Contemporary English** has always been lauded for its user-friendly approach, and the 6th edition is no exception. Definitions are written using a restricted vocabulary of around 2,000 common words, known as the **Longman Communication 9000**. This makes it exceptionally easy for learners of English to understand the meaning of a word without needing to consult another dictionary!

This simplicity doesn't come at the cost of depth. Each definition is carefully crafted to provide the most relevant and common meanings first, followed by less frequent ones. This hierarchical presentation aids comprehension and helps users grasp the core meaning quickly. For those focused on **ESL (English as a Second Language)** or **EFL (English as a Foreign Language)** learning, this feature is a game-changer.

Extensive Examples and Collocations

and writing. These examples are not just illustrative; they are a masterclass in effective English.

Furthermore, the dictionary places a strong emphasis on **collocations** – words that frequently occur together. Understanding collocations is fundamental to sounding natural and fluent in English. For instance, you don't just "make a mistake"; you "make a mistake." Similarly, you "take a photo," not "make a photo." **LDOCE 6** highlights these essential pairings, helping learners avoid common errors and elevate their language skills. This focus on **natural language use** and **common word pairings** is a hallmark of Longman dictionaries.

Pronunciation Guidance and Stress Marks

For many English language learners, pronunciation can be a significant hurdle. **LDOCE 6** provides clear, accurate pronunciation guides using the International Phonetic Alphabet (IPA). It also includes stress marks, which are crucial for correct pronunciation and understanding spoken English. This feature is particularly valuable for individuals preparing for English proficiency tests or engaging in international communication.

The Focus on Academic and Learner English

The **Longman Dictionary of Contemporary English 6** is not just for general use; it's also tailored to the specific needs of students and academics. It includes a wealth of information on **academic vocabulary**, essential for success in higher education and research. Many entries highlight words and phrases commonly found in academic texts, providing definitions and examples that are relevant to scholarly contexts. This makes it an indispensable resource for students writing essays, research papers, or preparing for exams like IELTS or TOEFL.
