A Boy From Wales (But Not Welsh!)

Did you know that Roald Dahl was born in a country called Wales? Yep, that's right! He was born in a town called Llandaff, which is near Cardiff, the capital city of Wales. But here's a fun twist: even though he was born there, his parents were actually from Norway! His mum and dad, Harald and Sofie Dahl, had travelled all the way from Norway to Wales to start a new life. So, Roald Dahl was Norwegian, even though he grew up in Britain. This might explain some of the interesting names in his books!

The Name's Dahl, Roald Dahl

His full name was Roald Amundsen Dahl. The "Roald" part of his name was a special tribute to a very famous Norwegian explorer named Roald Amundsen. He was the first person to reach the South Pole! Roald Dahl's parents admired this brave explorer, so they decided to name their son after him. How cool is that for a namesake?

Chocolate for Breakfast? Not Quite!

Many of Roald Dahl's most famous stories involve sweets and treats. Think about the amazing chocolate river in *Charlie and the Chocolate Factory*, or the lickable wallpaper in *The Magic Finger*. Did Roald Dahl have a super sweet tooth as a child? Well, sort of! He *did* love

sweets, but he also had a very important experience with chocolate that inspired one of his most famous books. When Roald Dahl was a young boy, he and his school friends used to get free samples of chocolate from a famous chocolate company in England, Cadbury's. They would taste-test new chocolate bars and give their opinions! He loved thinking about how amazing it would be to work in a chocolate factory, and that idea eventually became the inspiration for Willy Wonka!

From Schoolboy Mischief to a Wartime Hero!

Roald Dahl's childhood wasn't always easy. He went to some rather strict boarding schools, and he wasn't always the best student. He loved playing pranks and sometimes found it hard to sit still and listen. He even got his nose broken by bullies at one of his schools! But even though he wasn't always a perfect student, he was incredibly curious and loved to observe the world around him. These observations would later help him create such vivid characters and stories.

A Grand Adventure in Africa

After he finished school, Roald Dahl didn't immediately become a writer. Instead, he went on a huge adventure! He

travelled all the way to Africa to work for a big company called the Shell Company. He was sent to Tanzania to sell motor oil. Imagine that! He lived in a small hut, travelled around in a car, and even had some close encounters with lions and other wild animals. He learned to speak Swahili, the local language, and had many exciting experiences that he later used in his writing. These African adventures certainly gave him plenty of material for his wild imaginations!

A Pilot in World War II

When World War II broke out, Roald Dahl decided to join the Royal Air Force (RAF). He became a fighter pilot! Flying planes during a war must have been incredibly terrifying, but Roald Dahl was very brave. He flew Hurricanes, which were famous fighter planes. Sadly, during one mission, his plane crashed, and he was badly injured. He suffered serious injuries to his head and his spine. For a while, he couldn't see properly and was in a lot of pain. This was a very difficult time for him, but he eventually recovered.

Even though he was injured, he still wanted to help his country. He was eventually sent to Washington D.C. in the United States to work for the British government. This is where his writing career really took off!

From Flying High to Writing Wonders

It might seem strange that a fighter pilot would end up writing children's books, but that's exactly what happened! While he was in America, he started writing down some of his experiences. His first big story was actually published in a newspaper! It was about his time as a pilot during the war.

The Birth of a Storyteller

Roald Dahl started telling stories to his own children. He would make them up at bedtime, and they loved them so much that he decided to write them down. His first children's book was called **The Gremlins**. It was about mischievous little creatures that caused trouble for pilots. The story was so popular that Walt Disney even wanted to make it into a movie, although it didn't quite happen at the time. But it was the start of something amazing!

Inventing Words and Wonderful Worlds

One of the most magical things about Roald Dahl's books is his incredible imagination. He didn't just tell stories; he **created** them from scratch! He invented words that didn't exist before, like "whizzpopping," "gobblefunk," and "scrumdiddlyumptious." He loved playing with language and making up his own dictionaries. He was inspired to do this after his friend's son was born with this condition. He also invented a special 'Worm-Catcher' for his wife, who was a famous actress and needed something to help her avoid pesky flies when she was outdoors.

His Own Children Inspired His Writing

As we mentioned before, Roald Dahl's children were a huge inspiration for his books. He wanted to create stories that his own kids would love to hear. He would often make up stories about their toys or things they did. He also had five children himself: Olivia, Chantal, Tessa, Theo, and Ophelia. Sadly, his eldest daughter, Olivia, died when she was just seven years old from a rare form of measles. This was a tragedy for him and his family, and it deeply affected him.
