When we talk about the "second series" in the Percy Jackson universe, most fans are referring to the direct continuation of Percy's story and his involvement with the demigod world. That glorious series is none other than ****The Heroes of Olympus****.

The Heroes of Olympus: A Grand Sequel to Percy's Adventures

This five-book series picks up after the events of **The Last Olympian**, the climactic finale of the original Percy Jackson saga. While Percy is still a central figure, **The Heroes of Olympus** significantly broadens the scope. Riordan introduces a new prophecy, a new set of dangers, and, most importantly, new demigods. The core of this series revolves around a prophecy concerning seven demigods who will embark on a perilous quest to prevent a looming catastrophe. This time, the threat isn't just to the Olympians but to both Greek and Roman pantheons, who are surprisingly unaware of each other's existence (or so they thought!). The major players in **The Heroes of Olympus** include: *** **Jason Grace:**** Son of Jupiter (the Roman equivalent of Zeus) and a natural leader with amnesia who wakes up on a bus with his girlfriend and best friend, having no memory of who he is. *** **Piper McLean:**** Daughter of Aphrodite, gifted with persuasion and a strong sense of intuition, often feeling like she's not as powerful as her godly parent might suggest. *** **Leo Valdez:**** Son of Hephaestus, a brilliant mechanic and fire-

wielder with a knack for building and fixing anything, often using humor to mask his insecurities. * **Hazel Levesque:** Daughter of Pluto, who was born with a strange curse that has kept her bound to the Underworld for decades. She has a unique connection to precious metals and the earth. * **Frank Zhang:** Son of Mars, a descendant of Poseidon (through his mother's side), and burdened by a mystical wooden stick that dictates his lifespan. He's strong and loyal but struggles with self-doubt. And of course, we can't forget our beloved original heroes: * **Percy Jackson:** Son of Poseidon, still a formidable fighter and leader, but now navigating a world where Roman demigods are emerging. * **Annabeth Chase:** Daughter of Athena, Percy's loyal girlfriend and strategic genius, whose wisdom is invaluable to the group. The dual perspective storytelling in *The Heroes of Olympus* is a masterstroke. We often get to see events unfold from multiple characters' viewpoints, deepening our understanding of their individual struggles, strengths, and the intricate connections between the Greek and Roman demigod camps. This series is a must-read for anyone who wants to see Percy and Annabeth grow and for those eager to meet their new favorite demigods.

He finds himself in the halls of Valhalla, preparing for Ragnarok, the apocalyptic battle of the Norse gods. This series is filled with Viking lore, including Odin, Thor, Loki, and the fearsome giants. To regain his godly status, Apollo must complete a series of trials that involve seeking out his former oracles and confronting dangerous foes. This series is unique because the narrator is Apollo himself, offering a hilariously arrogant, yet ultimately endearing, perspective on the mortal world and the

demigod life. Percy Jackson and other beloved characters from *Percy Jackson & the Olympians* and *The Heroes of Olympus* make significant appearances, making this a truly essential read for fans.
