# Learning 'Can I Have This Dance' Piano Sheet Music: Tips for Success

Once you've secured your chosen sheet music, the real work begins! Learning any new piece of music takes patience and practice. Here are some effective strategies for learning 'Can I Have This Dance' on the piano:

## 1. Listen Actively

Before you even touch the keys, listen to several recordings of the song. Pay close attention to: \* \*\*Sarah Vaughan's vocal phrasing:\*\* How she emphasizes certain notes and words. \* \*\*The emotional arc of the song:\*\* Where does it build? Where does it soften? \* \*\*Any instrumental accompaniment:\*\* If you find recordings with piano, try to identify how it complements the vocals. This will give you a musical blueprint for your own interpretation.

## 2. Break It Down

Don't try to learn the entire song in one go. Divide the sheet music into smaller sections: \* \*\*By phrase:\*\* Learn one musical phrase at a time. \* \*\*By measure:\*\* For more challenging sections, go measure by measure. \* \*\*By hand:\*\* Practice the right hand alone, then the left hand alone, before putting them together. This methodical approach prevents overwhelm and helps you master each part before combining them.

## 3. Slow and Steady Wins the Race

This is perhaps the most crucial advice for learning any

instrument. \* **Use a metronome:** Start at a very slow tempo. Focus on accuracy of notes, rhythm, and fingering. \* **Gradually increase speed:** Only increase the tempo when you can play a section perfectly at the current speed. Rushing leads to ingrained mistakes.

#### 4. Focus on Fingering

The sheet music might suggest fingering, or you might need to experiment. Consistent fingering is essential for: \* **Smoothness and fluidity:** It helps your hands move efficiently across the keys. \* **Memorization:** Your muscle memory will start to learn the patterns. \* **Avoiding tension:** Proper fingering can prevent strain.

#### 5. Practice Hands Separately, Then Together

As mentioned earlier, this is a golden rule. \* **Right Hand:** Focus on the melody and any upper accompaniment. \* **Left Hand:** Work on the bass line and chordal support. \* **Combine:** Once both hands are comfortable independently, slowly start putting them together. This is often the trickiest part, so be patient!

6. Pay Attention to Dynamics and Expression \* **'Can I Have This Dance'** is an emotional song. The sheet music will likely have markings for dynamics (loudness/softness, like **p** for piano or **f** for forte) and articulations (how notes are played, like **legato** for smooth or **staccato** for detached). \* **Dynamics:** Ensure you are playing softly during quieter moments and building to a louder climax where appropriate. \* **Legato:** For this ballad, a smooth, connected sound is generally preferred. Practice connecting your notes

seamlessly.

## **7. Record Yourself**

It might feel a little strange at first, but recording your practice sessions can be incredibly insightful. You'll be able to hear things you might miss while playing, such as: \* Rhythmic inaccuracies \* Uneven dynamics \* Areas where your hands aren't coordinating well This objective feedback is invaluable for improvement.

**8. Be Patient and Persistent\*\*** Learning the piano, especially a song with such emotional weight, is a journey. There will be moments of frustration, but persistence is key. Celebrate your small victories - mastering a difficult passage, playing a section smoothly, or finally getting both hands to coordinate - and keep practicing.
