These can also be done via the My Telstra app, website, or by calling the recharge number.

Troubleshooting Common Recharge Issues

Sometimes, things don't go exactly as planned. Here are a few common issues and how to resolve them: * ****Recharge Not Applied:**** If you've completed a recharge but it hasn't appeared on your account after a reasonable time (e.g., 15-30 minutes), try restarting your phone. If that doesn't work, contact Telstra customer service for assistance. Keep your recharge confirmation details handy. * ****Card Declined:**** Ensure your card details are entered correctly. Check that your card hasn't expired and that you have sufficient funds. If using a credit card, make sure online transactions are enabled. * ****Incorrect Recharge Code:**** Double-check that you've entered the 16-digit recharge code exactly as it appears on the card. Scratch off the panel gently to avoid damaging the numbers.

payment details via unsecured email or public Wi-Fi.
